Subject: RE: "Oilfields of Aquifer Interest - Field Tour and Discussion"
[McKittrick Oilfield Data.docx](#)

Hello Michele and all field tour participants,

The Division's Inland District enjoyed the opportunity to give the field tour. If there are any questions or clarifications regarding what was observed or discussed, please do not hesitate to contact our office. The attached McKittrick Oil Field data sheet was missing from the field guide book.

There are of course other oil fields of aquifer exemption interest and tours of these can be arranged. Southern San Joaquin Valley temperatures begin to cool by late September!

Glad to be of service,

Mike

Michael Toland

Good Morning Mike,

Again, and in writing, let me extend our thanks for the very informative and comprehensive field tour. We sincerely appreciate all the effort you put into both the planning and execution. And thank you Dean for keeping us safe and cool! It was a great pleasure meeting everyone and to see up close (and what bubbles up to the surface) what we are all working so hard to accomplish.

Sincerely,

Michele
